

LifeSize Video Center delivers powerful one button HD streaming, recording and auto-publishing, all in one single appliance

Experience a New Era in HD Video Capturing

LifeSize® Video Center is the most powerful one button HD streaming, recording and auto-publishing solution on the market today.

Share knowledge and communicate business-critical information via video, audio and data streaming. This single appliance solution ensures that videos are easily accessible, live and on demand, in immersive high definition.

Easy Accessibility

The network administrator can easily add users and create recording keys so that authors can auto-publish content independently. With its one button record, 'choose your view' functionality, and no-wait streaming, the LifeSize Video Center delivers unmatched flexibility and performance. The intuitive UI also ensures that users can quickly share and view critical knowledge.

Superior Performance

LifeSize Video Center is capable of supporting an unrivaled number of concurrent recordings, on demand streams, and simultaneous live streams, all in 720p30 HD video.

The First and Only Single Appliance HD Solution

LifeSize Video Center supports streaming and recording, all in one device. Tight integration with LifeSize 220 endpoints ensures a no-hassle deployment and seamless user experience.

LifeSize® Video Center. Be Everywhere. Live...or On Demand.

LifeSize Video Center Key Features

Push Button Recording

Record and auto-publish from LifeSize endpoints with one button

Auto-Publish Capability

Organize content automatically via recording keys

User Controlled Layout

Easily switch between layouts during playback

Flexibility

Record and stream, either in-call or out-of-call

Intelligent Management

View the portal; Content automatically customized based on user permission

Seamless Integration

Capture content in True HD with no transcode delay

Unrivaled Performance

Supports unmatched number of live and on demand streams

Administrator Control

Set-up, access and monitor effectively through an intuitive, centralized UI

System Components

LifeSize Video Center appliance
Rack mounting hardware
Locking faceplate bezel
Faceplate key
Power cord

Compatibility

Record from any LifeSize 220 series endpoint with 4.6 or later software
Playback on Windows®-based, Linux®-based and Mac® computers

System Management

FTP backup to network storage
Incremental backup tool
System restore capability
Firmware update tool
Enable/disable video download capability
Enable/disable user comments
Enable/disable user recording keys
Create users and groups

Power

AC Voltage: 100-240V, 50-60 Hz, 5A max

Hardware Configuration

Rack mountable (1U)
Dimensions: 17.2"W x 1.7"H x 19.8"D
Dual GigE Network Adapters, 2 X RJ-45
Redundant hard drives, RAID 1

Environmental Data

Operating temperature:

- 10°C (50°F) to 35°C (95°F)

 Operating humidity:

- 20% to 95%, non-condensing

 Storage temperature:

- 40°C (-40°F) to 70°C (158°F)

 Storage humidity:

- 5% to 95%, non-condensing

 Weight:

- 17.2 kg (38 lbs)

Brand and Model Number: LifeSize® Video Center 2200

* Note on Performance and Capacity table:

- Each of the above concurrent recordings/ live viewers/ on-demand viewers are independent numbers
- Presentation stream was not part of the recorded stream tested for concurrent recordings / live viewers / on demand viewers
- Based on LifeSize internal testing
